Dear Brethren,

Grace and peace to you in the name of our Lord Jesus Christ.

For many years, I have worked in the spirit of Titus 1:5—setting things in order and laboring to raise up elders so that churches may be strong, biblical, and enduring. At age 51, I bring the experience of a successful church builder along with the know-how to guide God's people into greater maturity.

My wife and I have been happily married since the beginning of our walk together. We are blessed with two children, both homeschooled and well-behaved, who have grown up in the heart of ministry. Ours is a stable, Christ-centered household who all participate in church activities and help out. My children are older. My son is 23 and still lives with us (due to health issues) and my daughter is 15.

If you would like to see more of our life and work, videos of my preaching and pictures of our family can be found at www.johnnycox.me.

We would love the opportunity to visit with you further about how we might serve together in the Kingdom. Thank you for your time, your prayers, and your dedication to Christ's church.

In His service,

Johnny Cox

Church of 12 that grew to 75 at its peak. Returned church to New Testament Christianity with preaching, youth work, organizing, counseling.

Church of 30 that grew to 90 in awa. Worked mainly with healing splits in worship styles. Hired a new song leader, an associate, and instituted an additional elder. Left only because of burn out, as it was a very difficult situation and I was not as experienced.

A church of just 12 that grew to a respectable 40 with a new youth group. Could have done more, but Elders had a different vision, which was their prerogative. So we left to do mission work in Arizona.

A church of 25 built back up to a financially stable 70. Provided spiritual healing, installed new elders and deacons and the building was renovated.

Began ministry right at the “two weeks to stop the spread” that lasted nearly 3 years. Huge political divide in the church as to how to handle governor’s shutdowns. We never actually got to do much of anything due to state police interference, deaths, and fear of covid.

Small church of 8 when we arrived, with some success in rebuilding, up to an awa of 30. After the death of both elders, the church wanted to become a denominational church, so we felt we needed to leave.
